A photograph of a young man with dark hair, wearing a light green button-down shirt, smiling as he looks at a laptop screen. The image is partially obscured by a red curved line at the top and a dark blue banner at the bottom.

Continuing Education Courses

Universal Class brings libraries more than 500 CEU-accredited lifelong learning courses in over 30 subject areas, with hundreds of courses offering a video-audit option.

Universal Class delivers more than 500 courses, all designed and led by professional instructors to build deeper understanding and mastery of subject matter. Universal Class includes videos, assignments, quizzes, tests, and options for social media interaction with other learners. Patrons may take multiple classes and learn at their own pace.

- **Continuing Education Unit (CEU) Courses:** All Universal Class courses offer CEU credit. The typical time to complete a course is approximately 10 hours per CEU credit.
- **Video-Audit Mode:** Universal Class offers over 200 courses for learners wanting to review courses without assignments, tests, or certification. Learners starting a video-audit course may switch over to the CEU course at any time.
- **Something for Everyone:** From technical courses on computer software to digital photography to babysitting, a huge range of topics is available.
- **Multifaceted Learning Styles:** Video-based and written lessons are monitored by live instructors, so students interact with a real person while learning about the topic of their choice.
- **Multiple-Course Enrollment:** Each learner may enroll in up to five courses at a time, with six months to complete each course.
- **Internationally Recognized CEU Certification:** Universal Class is IACET (International Association for Continuing Education and Training) certified for all courses. The IACET Council on Standards Development is responsible for the development, maintenance, and dissemination of evidence-based standards that promote and enhance continuing education and training (CE/T).
- **Library Statistics:** Detailed statistics are provided for library administrators to track course topics to help build ideas for library programming and get the most value from the service.

The following is a small sample of subjects:

Accounting , Finance, Photography, Biology, Health Care, Psychology, Business, Legal Terminology, Public Relations, Customer Service Skills, Life Coaching, Sociology, Education, Medical Terminology, Software Technology, Etiquette, Meditation, Wellness Coaching, Event Planning, Photography, and Writing
