The Barn Bed and Breakfast is handicap accessible.*

Sleeping Space at The Barn

Each NEKLS library is guaranteed at least one *bed* space at The Barn. Space for additional staff members is on a “first come, first served” basis. We have sleeping space for about 60 people, and we would like to fill that up!

It is traditional to *share rooms* at The Barn. Most rooms have one king-sized bed - the same size as two twins - and we expect those to sleep two people. Some rooms have additional beds which makes them perfect for small pajama parties!

Let us know who you would like to room with, and we will do our best to honor your request.

If you require special sleeping accommodations, contact Teri at the NEKLS office.
